DAS ESSZIMMER GOES (KAISER)PASSAGE

March 26 – December 31, 2021

After several months of preparation, we are extremely pleased to officially start the project *PASSAGE* on March 26, 2021 in the year of our 10th anniversary, with a light installation by Gabriele Horndasch (Düsseldorf / DE), a video installation by Camenisch / Vetsch (Basel / CH) as well as works by the Austrian painter Peter Kohl (SZALCprojects).

Start: Friday, March 26, 2021, 7am – 9pm
thereafter Monday - Saturday 7 am – 9 pm, closed on Sundays

Where: Kaiserpassage, Bonn (DE)

Art goes where you see it and where there is space ...

that is why we are using the temporary vacancy in the shopping mall *Kaiserpassage*, in the center of Bonn, to expand our traditional habitat of the exhibition space with an outdoor station. In addition, we will open and expand the project *PASSAGE* in the coming weeks and months in cooperation with co-initiator SZALCProjects for other local and regional cultural actors to a place for art that creates a space of opportunity and experience outside of opening times and contact restrictions.
